29 November 1918

Arrangements concerning the Partition Sejm of Poznań.

Representatives of the Supreme People's Council: Bolesław Marchlewski, Adam Poszwiński and Wojciech Trąpczyński agree in Berlin that the function of the Partition Sejm of Poznań will be more of a national and organisational nature, rather than of a state and legal nature. The Executive Division of the People's Council were called to "maintain order" during the session and not to provoke the Germans.
