10 February 1919

Battles for Słupia Kapitulna

- Fierce fighting on the Southern Front, south of Rawicz, on the Wydawy-Zielona Wieś-Słupia Kapitulna line. Towns were passed from back and forth. Bloody fighting did not change the layout of the front.
- The Germans finally manage to occupy Łomnica near Zbąszyń. The insurgents, having received reinforcements, push them back out of the village.
